An "Active Classroom" uses purposeful movement to maximize learning and support physical and mental health. This fun active session will provide:

1. WHY an "Active Classroom" is important for you and your students.
2. WHAT are the four components of an "Active Classroom" model.
3. HOW to use "Active Classroom" strategies to prepare the brain for learning.
4. HOW to use movement as part of the design to teach and check for understanding.

At the end of this session, you will leave with the confidence and tools to implement "Active Classroom" strategies to engage and support the well-being of ALL learners!
